This should have been a fresh application and the original withdrawn.*

Chairman

The Town Clerk has raised these issues with LDC

Town Clerk

Has been assured by the Senior Planning Officer at LDC that notices have been put up but the delay being due to staff on leave. The Senior Planning Officer had issued a letter of clarification but it did not change the fact that the application had been validated and would still be going ahead. It is therefore quite in order for Seaford Town Council to make a comment on this application. Advises the Committee to continue.

*Mrs Marshall*

*Does not believe that the living room and the loft being too large are grounds for this application. Concerned about increased traffic and noise. Questions whether a nature study was last carried out.*

Town Clerk

Checked plans and confirmed no further study is required.

*Mr D Scott*

*Reiterates Mr Gowers comments in that this is the most misleading application and questions if there an ulterior motive for this application as why not make an alteration to the existing planning application.*

Town Clerk

LDC says this is a material change – one to two bungalows. The Senior Officer assures all in order and this should not be a case for Seaford Town Council.

*Mr D Scott*

*Asks the date of expiry.*

Town Clerk

13<sup>th</sup> October 2013

*Mrs J Cash*

*As local electors, we are being deprived of having time to look into this application and present a case – this is not what democracy should be about.* 

Cllr I White

Points out that Seaford Town Council can only advise and that residents will have plenty of time to get their objections in to LDC as they make the final decision.

*Objection due to overdevelopment and unneighbourly.*
