Questioner

Question Concerning

Mr Gower

He asked the Members whether they were aware that the application at Marine Crescent had gone to appeal.

Members said that they had seen the appeal notice come through.

Mr Gower

November last year the Community Right to Bid report was discussed at a Planning and Highway meeting, has the results been reported back to the Committee? Also does the Community Right to bid have any connection with item 6.

Mr Cooper

We will get back to Mr Gower regarding the first question, but the Community Right To Bid did not have any connection with item 6.

Chairman

Regarding item 6, the gas works site near the library could be used for a number of activities.

LDC looked at this land when they were looking for the temporary library location.

In the previous meeting that this planning application was discussed, the Committee had liked and raised no objection with some amendments.*

Jean Cash

When this application previously came to this Committee the planning notices were placed incorrectly and did not have time to make any objections to this application. The property if overshadowing, has a lack of garden amenity space, overdevelopment and the parking has been refused by ESCC.

Mr R Brown

This is a sensitive area of the town as a lot of visitors see this area as is their first perception of Seaford. He also asked whether the notice was clear and in view this time

Public agreed that this was true.

Teresa O'Brian

This application is part of a terrace and supported what Mrs Cash had said.
