Winter 2016-17 Edition

Welcome to the winter 2016-17 edition of the Town Council's newsletter!

Much has happened since the last edition including progressing in line with the Council's Strategic Objectives (further details on pages 11 to 13) including the Seafront Development Plan, featuring new toilets, concessions, beach equipment and additional beach huts. A public consultation is being held for the Development Plan on 3rd & 4th March, details on this are on page 7.

A short profile on the Councillors that joined the Council in November 2016 is included within the newsletter, as well as a Civic update from the Mayor and Young Mayor of Seaford.

Page 15 sets out the ever increasing vast array of events in the calendar for 2017 as it stands, including the ever popular boot fair dates. This year the calendar includes the annual events such as Seaford Christmas Magic and Seahaven Veterans & Armed Forces Day as well as brand new events, such as an Outdoor Cinema event and Food Festival.

Any questions arising from the newsletter or feedback can be sent by email to admin@seafordtowncouncil.gov.uk or you can contact the Council Offices by phone on 01323 894 870.

BULLETIN BOARD

Seaford Town Neighbourhood Plan

The Neighbourhood Plan is being lead by a Steering Group of local volunteers in conjunction with experts in their field, Action in Rural Sussex.

Updates on the Neighbourhood Plan process can be found online at www.seafordnp.uk/index.php or on the Groups' Facebook page.

The Group is publicising the Plan and communicating with members of public as widely as possible, to encourage people to get involved in the creation of the Plan that will determine so much of the town's future.

The next stage in the process will be the release of the draft plans for the four 'focus areas':

- ∂ Environment & Countryside
- ∂ Local Economy & Facilities
- ∂ Housing & Development
- ∂ Transport & Travel

As and when released by the Group, further updates will be shared.

Former Newlands School Site

There has been much talk recently within the town regarding the proposed development of the former Newlands School site; a planning application submitted by Jaynic Properties for the construction of 238 dwellings and associated developments.

The Town Council has been informed that the application has been put on hold while the developers look in to the loss of sports pitches in the planned design. Both the Town Council and Sport England objected to the proposals for this reason, amongst others.

Full details of the application and updates on its progress can be found on Lewes District Council's online planning portal at http://planningpa.lewes.gov.uk/online-applications/applicationDetails.do?
activeTab=summary&keyVal=ODLHCBJDIR900

Seaford Town Guide 2017

The next edition of the Seaford Town Guide is almost ready to be released.

This is created in partnership by the Town Council with Local Authority Publishing and will be delivered to all households in the town in spring 2017.

The Guide includes information on the services and facilities within the town, key information and contact details and advertising from local traders and companies.

The Town Council always welcomes any feedback on its publications, so if you do have any thoughts on the 2017 Guide, please send them through by email to facilities@seafordtowncouncil.gov.uk

Once published the Guide will be available to download from the Council's website at www.seafordtowncouncil.gov.uk/town-guide.aspx

BULLETIN BOARD

War Memorial Secured as Centenary Field

Working with Fields in Trust, the Council was able to secure the Sutton Park Road War Memorial site in perpetuity to honour the memory of the people who lost their lives in World War I.

Fields in Trust protect vital open spaces all across the UK to ensure they are safeguarded forever. The Centenary Fields programme was launched in 2014 in partnership with the Royal British Legion to secure open spaces in perpetuity where there is a link with World War I. This dedication as a Centenary Field has proved to be a unique way to commemorate the World War I centenary and also ensure these spaces are there for future generations to remember those who lost their lives.

The memorial, maintained by the Town Council, remembers not only those who fought and died in World War I but also the soldiers and civilians of Seaford who died in the Boer War and World War II.

In 2015 a memorial paving stone and plaque were installed in memory of Cuthbert Bromley VC who had previously lived in Seaford and along with five of his

comrades from his Regiment was awarded one of the most prestigious honours, the Victoria Cross, for his bravery in Gallipoli in 1915. An unveiling service was held in August 2015, with many people turning up to mark the occasion, including Mr Bromley's descendants.

In due course a plaque will be installed at the memorial to show that it is a Centenary Field and that it will therefore be around to be appreciated by many generations for years to come.

More information on the Centenary Fields programme can be found online at www.fieldsintrust.org/ centenaryfields.aspx

Memorials Brochure

Seaford holds a special place in many people's

memories and, wherever possible, the Council will endeavour to assist in the creation of a fitting memorial to remember loved ones by or to celebrate a notable event.

A new Donation and Memorial Options brochure is now available on the Council's website: www.seafordtowncouncil.co.uk

The brochure sets out all the options which are currently available and will be updated regularly. In addition to familiar choices, it also gives full details of three new memorial/donation options:

South Hill; the stunning views across the Cuckmere Valley from South Hill make this a special place for a memorial. The donation of a picnic table or bench means visitors can take time to appreciate this exceptional spot.

The recent installation of the first two benches around the outer wall of the *Martello Tower* marks the start of this significant new project. Memorial plaques will be affixed to the seat backs and donations will enable the development of the area into a great community

space, to include a performance area for local musicians. With the nearby Martello Kiosk and Seaford Head towering in the distance, it will become a popular place for residents and visitors to enjoy the ambience of this unique location.

Seaford's Community Bench is an exciting sculptural seating attraction due to begin installation at the beginning of spring 2017 on the Splash Point Pier. Please

see over the page for more details on the Community Bench and sponsorship opportunities.

Visit the Council's website to view the Brochure, download an application form or for more details.

Seaford's Community Bench

Love Seaford? Be part of something big...Seaford's Community Bench is an exciting sculptural seating attraction due to begin installation at the beginning of spring 2017. Located on Seaford's pier close to the Martello beach huts and Seaford Head cliffs, the bench represents a stream meandering the length of the pier. Swimming through

the pier are seven monumental mackerel benches.

This sculpture is designed to benefit the whole community and with your generous sponsorship, together, we can make it happen!

The seven large sculptural benches are each available for sponsorship. These unique benches are made by local sculptor Christian Funnell and are already being heralded as an iconic attraction for Seaford.

A monumental mackerel plaque represents the ultimate memorial and a generous gift to the people of Seaford. Prices are £1,000 per plaque. It would be fantastic to have Seaford's many organisations represented on the mackerels, a great insight for visitors and locals alike into the vibrant life of Seaford.

For the romantic amongst you, the love fish is a fantastic engagement or wedding gift, or just to say happy anniversary to the one you love. Pairs of brass or stainless steel fish hang riveted together on the mesh barrier to form a bunting design. The fish are engraved with two names of your choice and linked by a heart.

There will also be fabulously fishy sponsorship opportunities available once the main sculptures are complete. Choose from a range of stainless steel fish shaped plaques, which will be set into the hardwood slats coming together in a flowing shoal, swimming the length of the stream; a celebration of the life of Seaford's community.

Get in touch to arrange your plaque now by email addressed to <u>facilities@seafordtowncouncil.gov.uk</u> or call the Council offices on 01323 872 975.

Seaford Community Partnership led the Pier Project from the beginning and are continuing to work in partnership with the Town Council on the delivery of the Community Bench.

More information on the Community Partnership its aims, vision and actions can be found on the website at www.seafordpartners.co.uk

Seafront Consultation- Have Your Say!

Seaford Town Council invites residents and visitors to put their thoughts and views forward on how they see the development of our unique seafront.

Come and have your say on Friday 3rd and Saturday 4th March adjacent to Frankie's Beach Café on the promenade. Craig Williams, Projects & Facilities Manager, will be pleased to present current ideas on the development of the seafront and answer any questions you may have between 10am and 4pm each day.

There will be the opportunity to consider proposed plans for brand-new Martello toilets with two retail units and showers, an entertainments area at the Martello Tower and raised beach huts at Bönningstedt Parade amongst others. Would you like to see some trees along the promenade, or gym equipment at intervals along its length? How about a kiosk selling fresh seafood? What is your vision for The Salts and a new café?

A survey will be available on the day and also on Seaford Town Council's website so that everybody's opinions can be taken into account during this public consultation period.

A leaflet and application form for The Shoal, Seaford's Community Bench (as detailed on the previous page), will also be on hand – don't miss out on being part of this exciting project.

"Seaford is blessed with a fantastic bay and a wide promenade. The Council wants to keep this unique attraction as unspoilt as possible, while enhancing it for residents and to encourage visitors to our town to support our local businesses. We value any input in to the development plans so that we can work together to put Seaford firmly on the map as a great place to be," said James Corrigan, Town Clerk.

Visual representations for a new build of the Martello toilets facility, to include two kiosks and showers, and possible raised beach huts along Bönningstedt Parade.

WELCOME TO...

Further to the resignation of five former councillors back in August the by-elections, which were administered and managed by Lewes District Council, were held on Thursday 27th October in the four effected wards. The successful candidates are as follows:

Seaford Central ward: Maggie Wearmouth and Terry Goodman

Seaford North ward: Cheryl White Seaford South ward: Nick Freeman

Seaford West ward: Bill Webb

Some of the new councillors have submitted short profiles, just to introduce themselves to the town and give an insight in to their motivations for joining the Council.

Councillor Nick Freeman

Address: Holm Cottage

Maurice Road

Seaford

Phone: 01323 491 119

Email:

nickfreeman_stc@outlook.com

Ward: Seaford SOUTH

Committees: Community Services, Golf & The View

PERSONALLY...

Originally from: Kent / East Sussex

Date of Birth: 4th October 1951

A little about me: Wife, myself and an incredibly bossy dog!

Career History/Skills: Studied electronic engineering at Brighton Polytech. Broadcast engineer for the BBC, BFBS

(Germany), Channel 4 and Turner TV (Satellite).

When asked to describe himself in five words: Traveller in the

widest world.

Favourite...Book: Cathedral by the Sea

Meal: Christmas Dinner **Travel Destination:** Jordan

Film: Anything directed by David Lean

Artist: Incredible String Band

When asked which three people he would invite to a dinner party: Isaac Newton, Albert Einstein and Stephen Hawking.

Other interesting/unknown facts about himself: He got buzzed by two Phantom F4 fight jets when filming an Army exercise in Germany whilst hanging out of a helicopter.

AS A COUNCILLOR...

What made him stand to be a Councillor? 'I became interested when I saw all the different areas a councillor was involved in. I have been a liberal all my life and want our environment to be looked after and protected, along with making sure Seaford stays a town by the sea.'

Which parts of/services in Seaford is he most passionate about? 'Ensuring we return to having a reliable rail service, the environment and maintaining it.'

What are his aims over the remainder of the term in office? 'To do the best I can and hope to get a decent rail service.'

Councillor Dr Maggie Wearmouth

Address: c/o 37 Church Street

Seaford BN25 1HG

Phone: c/o 01323 894 870

Appeals

The Council welcomes on board its new members and looks forward to the remaining two and a half years of the four year term 'Working Together for Our Town!'.

Profiles of the Councillors elected in 2015 are available to view online in the Autumn 2015/16 edition of the STC newsletter.

Councillors are always happy to answer questions from members of the public; contact details for each are available on the inside cover of this newsletter.

Mayor's Update

Mayor's Carol Service

Councillor Lindsay Freeman, Mayor of Seaford, held the Mayor's Carol Service at St Peter's Church in Seaford on a crisp and wintery evening in December.

Various readings of passages from both the Bible and Qur'an were made and spirited performances given as St Peter's Church Choir and Seaford Primary School Chamber Choir sang carols by the candlelight.

The service closed with further carols, prayers and blessings, before a retiring collection for the Mayor's two chosen charities; Waifs & Strays Dog Rescue and the RNLI. Through the collection and the raffle during post-service refreshments, over £230 was raised for the charities and will go towards the vital services provided by the charities.

Deputy Mayor Elected

The Council was pleased to be able announce that Councillor Mark Brown has been elected as Deputy Mayor of Seaford, to support the current Mayor Councillor Lindsay Freeman for the remainder of the 2016/17 Municipal Year. Councillor Brown is currently in his second term of office with the Council, having been a Town Councillor since 2011. He was previously Mayor of Seaford from January 2014 to May 2015, raising over £2,400 during his time as Mayor for his two chosen charities, Seahaven Storehouse and Waves Seaford.

Mayor's Charities

More information available at: www.rnli.org www.waifsandstraysdogrescue.co.uk

Young Mayor's Update

Seaford's Young Mayor, Jessica Batchelor, has been fund raising throughout the year towards her campaign to make more defibrillators available in Seaford.

Jessica is currently looking at purchasing four defibrillators for Seaford town and placing them at publicly accessible points, for example the Library, Morrisons supermarket and Martello Tower.

Jessica has also completed some work experience at MP Maria Caulfield's office and whilst she was there worked with Maria to write a Bill to support making the siting's of defibrillators at various places a legal requirement.

Jessica and MP Maria Caulfield attended the House of Common's where the Bill was debated at a Ten Minute Rule Motion. A second reading will be going ahead during 2017.

Council's Strategic Objectives

In April 2016 the Council adopted its Mission Statement 'Working Together for Seaford' and agreed its five key Strategic Objectives to work towards achieving this mission.

The Strategic Objectives of the Council are:

- *∂* To develop the cultural and economic well-being of the Town
- *∂* To improve the environment of the Town
- *To improve and maintain the recreational facilities of the Town*
- *a* To help represent the needs of the community
- *a* To practice good governance and fiscal responsibility

For each of the five objectives the Council identified specific projects to be undertaken to ensure the objectives are met. Work has begun by Council Officers on many of the projects; the following pages detail the specific projects and an update on progress.

Financing

When talking about projects many people's minds will turn to money; how much the project will cost, where the funding comes from, is there a return on investment etc.

Each of the projects has, or will have, an internal business plan written. This will look at how these can be achieved with self-funding, whether through return on investment over a certain period of time or generating additional funds such as through sponsorship and/or advertising.

Officers are initially looking at those projects which offer minimum expenditure and maximum gain. An example is the Seafront Development Plan (in more detail on page 7); once the public consultation has taken place and the Plan adopted by Council, delivery of certain aspects of the Plan will be prioritised in time for the Summer period.

Consultation

Many of the projects stemming from the Strategic Objectives will be publicly consulted on before being rolled out. Those marked with an asterisk overleaf are all subject to public consultation. That said, the Council always welcomes any input or ideas from members of the public on any of its initiatives.

Public consultations will be advertised as widely as possible to encourage public involvement. If you wish to sign up to update emails from the Council so you do not miss out, please send a request to admin@seafordtowncouncil.gov.uk

2017 Focus

The Projects, Facilities and Events team will be focussing largely on the objective 'to develop the cultural and economic well-being of the Town'. The entertainments area at Martello Tower will be underway in Spring, as will the replacement and introduction of new tourism signs around the town. 2017's events calendar is quickly filling up within the town and plans are well underway for new events such as outdoor cinema dates. Initial discussions are also taking place regarding the regeneration of South Hill Barn; a very exciting project to bring this fantastic building back in to use.

Council's Strategic Objectives

Improve open spaces in Seaford *

Improve the Seafront of Seaford *

Plant 100 trees in Seaford

Develop and adopt a management plan for Seaford Head Nature Reserve

Manage Nature Reserve in line with Management Plan

Plant 1,000 whip trees in Seaford

OBJECTIVE: To improve the environment of the Town

Generate Golf Course profit of £30,000

Generate capital income from surplus land sales*

Generate The View profit of £30,000

Achieve Local Council Award Scheme Gold Standard

Make financial savings/increase in income over budget of £25,000

Achieve Satisfactory External Audit

Adopt full suite of policies

Take appropriate action on Internal Audits OBJECTIVE: To practice good governance and fiscal responsibility

Represent planning applications in a timely manner

Support the development of a Neighbourhood Plan

Secure the Buckle Car Park as a car park in perpetuity

OBJECTIVE: To help represent the needs of the community

"Working Together for Seaford"

OBJECTIVE: To improve and maintain recreational facilities of the Town

Regenerate The Salts & The Crouch in line with Development Plans *

Complete playing pitch strategy for the Town *

Regenerate Martello Fields in line with the Development Plan *

OBJECTIVE: To develop the cultural and economic well-being of the Town

Construction of entertainments area at Martello Tower

Facilitate Seaford Christmas Magic and increase numbers

Facilitate two events at Martello Entertainments area

Facilitate 25 events at Martello **Fields**

Facilitate two events at The Salts

Introduce Tourism Sign scheme

Construct log cabins at Seaford Head Golf Course*

Introduction 40 new Beach Huts to seafront*

Promote presence of Tourist Information Centre

Develop South Hill Barn*

Market 'Unique Seaford'

Manage number of concessions on seafront

Include commercial area and hotel & holiday let areas within Neighbourhood Plan*

2017/18 Budget & Council Tax

The Full Council met on 26th January to discuss the budget for the next Financial Year and set the Town Council element of Council Tax paid by residents.

The Council analysed its projected financial performance for the current year and the proposed budget for the next Financial Year (April 2017 to March 2018). Council Officers have worked hard this year to make in excess of £69k worth of savings or additional income. This has helped alleviate the pressure of the unexpected expenditure during the year, which included the by-elections held in October 2016 at a cost of £24k and the necessary road improvement works to Southdown Road at £126k. Despite the hard work of the Officers to make savings where possible, the Council's General Reserve levels are still considerably lower than hoped and the budget for the coming year therefore must include transferring a sum to replenish the Reserves.

Additional means of generating income and making savings are being developed, including the new Martello facility incorporating toilet and shower facilities as well as two concessions, which will bring a total annual income of £30k plus. Additional Beach Huts for rent on the seafront, could fetch an estimated £20k per annum plus the possibility of a further concession in the same location, potentially bringing £10k per annum in rent. It is predicted that once South Hill Barn is renovated and a functioning venue, this could achieve in excess of £40k per annum in rental in year one, going up to £100k per annum. These capital projects are funded through capital sales i.e. sale of land and/or newly built beach huts, and therefore do not come at a cost to the taxpayer. They do however ensure that in addition to the day-to-day management and maintenance of assets and facilities, the Council is continuing to strive for improvements for the town and the town's economy.

The Council approved the 2017/18 budget and set a Precept level of £654,466; this equates to a Town Council element of Council Tax of £69.01 per year for a Band D property within Seaford. Each household receives a Council Tax demand letter, issued by Lewes District Council, which will identify what Band each individual property is and its Council Tax level.

This figure of £69.01 represents a 5.5% increase on last year's Council Tax demand, which is the equivalent of an extra £3.60 per year. Seaford remains, for multiple years now, with the lowest level of Council Tax in the local area and the Council endeavours to ensure that continues to be the situation.

The full budget is available to view on the Council's website at www.seafordtowncouncil.gov.uk/Budget.aspx

2017 Grants Scheme

The 2017-2018 Grants scheme is due to be opened for applications from 1st April 2017. Seaford Town Council offers financial grants to local organisations to recognise and support the valuable contribution made by these organisations and voluntary groups to the well-being of the town and community.

Each year the Council extends the opportunity to local community groups, charities or voluntary organisations to apply for a financial grant from the Council's grants pool. There are two types of grant available, small grants of up to £500 or larger grants over £500, up to a maximum of £3,000. Terms and conditions do apply. The criteria that must be met to be eligible for a community grant are set out in the Council's Grants Policy, which is available on the Council's website.

From 1st April, details on the scheme and applications forms will be available to download from the website at www.seafordtowncouncil.gov.uk/Grants.aspx

Events 2017

The Town Council's Events team are focussing on increasing the number and quality of events on offer within the town over the coming year and always welcome feedback or suggestions from members of the public.

Some events are organised by the Council and others are organised by local groups or companies who hire the Council's land. Full details of events and guidance on hiring an open space are available on the Council's website at www.seafordtowncouncil.gov.uk
