

SEAFORD HEAD GOLF COURSE ASSISTANT GREENKEEPER

Are you looking to continue developing your greenkeeping career? Are you wanting to join a friendly team where you enjoy coming in to work? Are you keen to work on a course that is continuing to develop and leading the way in an environmentally-friendly approach to greenkeeping?

Seaford Head Golf Course could be the one for you!

We're expanding our team of four to bring on board an additional Assistant Greenkeeper. As an 18 hole course that is open 364 days of the year (rarely being shut due to weather and certainly never due to water logging!), the course is able to offer a greenkeeper a hugely varied experience to continue to develop your career. You will also be joining a Head Greenkeeper and Golf Professional with over 40 years' service between them, so a huge amount of knowledge to tap in to!

The role is full time, with 1 out of 4 weekends worked, and a starting salary of £20k per annum. We are committed to supporting our greenkeepers, with regular training, qualifications, family-friendly and supportive leave policies and a great holiday allowance. Our team also have access to the very generous Local Government Pension Scheme and the job security that comes from working for a public sector employer.

We ideally want someone with 1-2 year's greenkeeping experience although, for the right person with similar experience, we may consider relaxing this – the priority is having the right person to strengthen our team.

If you're interested, please give our Head Greenkeeper, Simon, a call on 07894 514 136 or email to simon.lambert@seafordtowncouncil.gov.uk and he will happily answer any questions you may have and even look to arrange a site visit should you wish to.
