# WELCOME FROM THE MAYOR

Thank you for requesting this information pack about Seaford. Hopefully it will answer your initial questions about who we are and what we do.

Seaford is the biggest town in the Lewes district and is often described as "a hidden gem" between Eastbourne and Brighton. The Town Council owns numerous valuable assets around the town including Seaford Head and is responsible for many of the services and concessions on the beautiful seafront. We have a population of more than 25,000 people and a lively community serving the interests of local residents.

Tourism is a rapidly rising activity with large numbers of both national and international visitors coming to view the iconic Seven Sisters white cliffs view point from Seaford Head. We are working hard to balance the challenge of welcoming them in ways to benefit the local economy whilst protecting the wonderful green spaces and wildlife diversity that make Seaford so special.

A structural review of activities and staffing in 2024 recommended further recruitment to enhance and support the ambitious Strategic Plan agreed in 2023. The proposed Local Devolution Plans for Sussex including a Unitary Authority are likely to have significant impact on the roles and responsibilities placed on the Town Council in the future, serving to strengthen and further enhance the importance of parish and town councils.

We are a friendly and supportive team of councillors and officers who welcome new ideas and new colleagues.

I hope that you find this information useful. Please make contact or arrange a visit, particularly if you are not already familiar with Seaford itself. We look forward to hearing from you. Councillor Maggie Wearmouth

Good luck with your application!

Mayor of Seaford 2025 - 2026

# **SEAFORD TOWN**

Seaford is a town that attracts a variety of descriptions depending on where you read and who you speak to.

To some it is a seaside town, a rambling destination, a shopping location, a hub of community groups, a cultural or heritage haven, a family-friendly town – the list goes on...

Rather than recreate the descriptions that are plentiful online (including our very own website), we wanted to give you an insight as to how we see the town. Our councillors and officers have shared a fantastic array of words to describe what the town means to them:

# THE TOWN COUNCIL

Seaford Town Council recently celebrated its 25th anniversary, having been created in May 1999. The Town Council is made up of a team of 22 council officers and 20 councillors, who work closely together and with the community to secure Seaford's best future.

Councillors are elected by residents and look after specific areas (wards) for the period they are elected, usually four years.

Councillors work together, as a corporate body, to ensure that the Town Council continues to represent the needs of the town, its residents and visitors.

The Town Council appoints a councillor as Mayor of Seaford on an annual basis (usually in May). The role and responsibilities of the Mayor of Seaford are set out within the <u>Mayor's Portfolio</u> available to view online.

Council officers are employed by the Town Council and work to deliver the strategy and decisions of the Town Council. Officers also play a key role in ensuring councillors are kept informed and supported to do their roles.

<u>Municipal services within Seaford</u> are provided by three tiers of local government – the County Council (East Sussex), the District Council (Lewes) and the Town Council. While working closely together for the town, each authority has its own areas of responsibility and service delivery.

The **Town Council's Strategic Plan** is available to view online.
