ABOUT SEAFORD

The Town of Seaford

The town of Seaford is in the county of East Sussex on the coast of Southeast England, with Brighton around 12 miles to the west and Eastbourne around nine miles to the east, and roughly equidistant between the mouths of the River Ouse and the River Cuckmere.

With just over 11,000 properties and a population of 27,000, Seaford is the largest town in the Lewes District.

We are very fortunate in our setting, with over three miles of beach, as well as being surrounded by the South Downs National Park and offering a large portfolio of open spaces and recreation/play spaces.

Seaford has a thriving community, with a large number of groups and organisations covering a wealth of different interests, activities and causes. The town is also served by two train stations – Seaford and Bishopstone - and regular bus services.

Seaford is a town that attracts a variety of descriptions depending on where you read and who you speak to.

To some it is a seaside town, a rambling destination, a shopping location, a hub of community groups, a cultural or heritage haven, a family-friendly town – the list goes on!

ABOUT SEAFORD TOWN COUNCIL

Seaford Town Council

Seaford Town Council is the first tier of Local Government in Seaford, the local authority closest to the people. The Town Council is a statutory body (established by law) and its role is to serve the electorate (all the people in Seaford who are entitled to vote in an election). Its role is to deliver services to meet local needs, give the community a voice and representation, and improve the quality of life and community wellbeing.

The Town Council is independently elected, raises its own precept (a form of council tax which enables the Town Council to delivery its services) and is an apolitical body, which means that it makes decisions based on local needs rather than party politics.

There are 10,000 parish and town councils in England and 100,000 councillors serving in these councils, with over £2 billion invested into communities annually.

The tier of local government above the Town Council is Lewes District Council and then above that is East Sussex County Council. While working closely together for the town, each authority has its own areas of responsibility and service delivery, for example:

- Highways
- Education
- Social Services
- Street Lighting
- Seaford Library

- Bin collections & Litter
- Recycling
- Housing
- Environmental Health
- Parking Enforcement

Seaford Town Council

- The Salts
- The Crouch
- Seaford Seafront
- Seaford Head Golf Course
- Beach Huts

INTRODUCTION TO THE STRATEGY PROGRAMME

Background

In late 2023, Seaford Town Council adopted a Strategic Plan for 2023-2027, however soon after, the Town Council was faced with a number of issues and challenges.

To overcome these challenges, the Town Council carried out a comprehensive staff review, put in place a new committee structure which improves the focus and responsibilities of the committees, The View at Seaford Head was outsourced, and a new Town Clerk was appointed.

As a result of the above, the operation of today's Town Council looked and felt different to the Town Council of 2023 and it was agreed in June 2025 to revise the Strategic Plan, making it more focused, simpler and SMART (specific, measurable, achievable, realistic, timebound).

A Working Group of five councillors worked at pace with the Town Clerk, the Head of Place and other officers to devise a new draft document which was presented at the Town Council's Full Council meeting on 23 October 2025. At this meeting the Town Council agreed to relinquish the existing Strategic Plan 2023 - 2027 and to adopt the presented Seaford Town Council Strategy Programme 2025 – 2027.

Aims & Strategies

The Programme focuses on six key aims:

- Economic
- Wellbeing
- Facilities & Assets
- Engagement
- Governance
- Climate

INTRODUCTION TO THE STRATEGY PROGRAMME CONT.

Aims & Strategies Cont.

ECONOMIC

Promote and develop a thriving Town, enabling future opportunities for economic wellbeing and an active community

WELLBEING

Develop and deliver projects to support the wellbeing of the Town's residents

FACILITIES /ASSETS

Develop and maintain assets, settings and recreational facilities

ENGAGEMENT

Give voice to residents actively directing our priorities to reflect their needs

GOVERNANCE

Practice ethical and sustainable governance that demonstrates fiscal responsibility and sustainability

CLIMATE

To help create a sustainable Seaford, resilient to the effects of climate change

Using these six key aims, councillors and officers devised 25 new 'Strategies', encompassing 79 specific 'Goals' that are designed to be **Specific, Measurable** and **Achievable**. For each of these goals, they have been given a **Realistic Timeframe** by which they should be achieved and/or concluded.

Timescale of the Strategy Programme

It was recognised that the current administration only had 19 months remaining before the next election is held in May 2027.

However, it was agreed that the duration of the Strategy Programme 2025 - 2027 should run for 24 months until October 2027 to provide the next administration of councillors a few months leeway after their election to work up a suitable new Strategic Plan for the duration of their four-year term.

RAG Rating & Latest Updates

Officers will provide an update on the Strategic Programme 2025 - 2027 at each 'quarterly' Full Council meeting over the next 24 months.

At each update, each goal will be RAG rated (R=red, A=amber, G=green) on its progress against the realistic timeframe. This will help to provide a visual stimulus on the progress of each strategy and goal.

In addition to the RAG rating section, a 'Latest Update' box will be completed relating to each strategy/goal, thus enabling officers to provide the latest narrative update on each.

2026 Refresh

The Town Council's Working Group will be reconvened in around a year's time from adoption to revisit and light-touch review the Strategic Programme 2025 - 2027. This will help to ensure the document is kept up to date and remains relevant across the 24 months of its intended duration. It will also enable any areas that have changed between now and then to be addressed and for strategies and goals to be re-focused if necessary.

Following on from the above review, any changes proposed will be brought back to Full Council in Autumn 2026 for re-approval.
